

Commercial Grade Diamond Plate Truck Boxes

Delta PRO commercial grade truck crossovers offer Ford customers the latest in truck box innovation. Delta PRO truck boxes come with a wide range of security and convenience features and are engineered for use in the toughest applications.

Security. Strength. Convenience.

We've got your storage solution.

APPEARANCE

Truck Model

Box Model

F-250 / 350 Super Duty®	VAC3Z-17N004-A
F-150 Styleside*	VAL3Z-17N004-A
Ranger Styleside	VAL5Z-17N004-A

* The F-150 Styleside box is specifically designed to fit the F-150. It will also fit F-Super Duty® models. For optimal fit, F-Super Duty® models should use VAC3Z-17N004-A.

»» Gear-Lock Rotary Locking System

»» Delta's patented locking system ensures a firm seal of the lid to the body for ultra tight security.

»» End-Mounted Access Push Button Opening

»» The end mounted push button makes it easy to open the box from the side of the truck with one hand.

»» Self-Aligning Strikers

»» This feature keeps the box maintenance free and allows the lid to always close without ever needing to adjust the strikers.

»» 3-Layer, Foam Filled, Self-Rising Lid

»» The strength of the lid keeps it from denting when heavy objects are placed on top, and it helps keep pry bars out.

Security. Strength. Convenience.

»» Heavy-Duty Gas Spring Guards

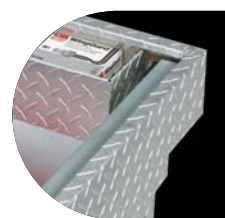

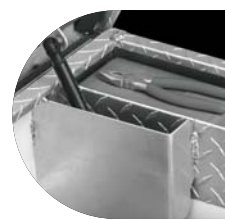

»» When heavy objects slide around inside the box, these guards keep the gas spring protected.

»» Built-In Storage Bins On Both Ends

»» Storage bins allow for easy access to small tools or other frequently needed objects.

»» Heavy Gauge Weather Stripping

»» Best in class weather stripping keeps tools and other stored items dry even in the toughest storms.
