with security that goes beyond the factory system

with remote start that goes way beyond: up to 2,500 ft.\*

## NEW Ford Perimeter Plus Vehicle Security System (Ford Perimeter Plus features are retained when you opt for either Long-Range Remote Start System shown)

On top of guarding the doors, hood and trunk/liftgate/tailgate† from forced entry, you have the unique benefit of contents protection. An alert sounds when there's sufficient impact to the glass or a body panel: The 2-stage shock sensor determines whether to issue a warning chirp or full alarm. Use your factory key fobs to arm/disarm.

When activated by your **Ford Dealer, the Basic Remote Start System is also included.** From up to 300' away,\* heat or cool your vehicle using the same factory fobs – simply press LOCK, UNLOCK, LOCK. Parking lights turn on – and remain on during remote start – so you know the engine's idling. Run time and other features are easily programmed through the vehicle's driver information center.‡

## NEW Long-Range Remote Start System (Includes Ford Perimeter Plus features)

From up to 1,000' away,\* pre-warm or pre-chill your vehicle with the 1-button remotes that come with this system; just press the START symbol twice. Basic Remote Start System features are also incorporated.

## NEW Long-Range Remote Start System With Confirmation (Includes Ford Perimeter Plus features)

From up to 1,000' away,\* there's no need to see your vehicle to know it's heating up or cooling down: The 2-button remote flashes/beeps to indicate engine idling. It's also equipped with long-range car find and a panic alarm. And Basic Remote Start System features are incorporated.

## NEW Remote Start Ultra-Long-Range Extender (Available only for each Long-Range Remote Start shown)

More than double your remote-start reach: Maximize it up to a full 2,500'.\* All Long-Range Remote Start System and Long-Range Remote Start System With Confirmation features are retained.

These security and remote start systems are designed specifically for your vehicle and, unlike aftermarket systems, require no cut-and-splice wiring. Ford Original Accessories are warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.‡

\*Distance may vary depending on vehicle location and environment. †If equipped. ‡Programmable remote start features vary by vehicle. §See your Ford Dealer for warranty details.

# PUT A PERSONAL SPIN ON YOUR FORD VEHICLE

**Express your preference in looks, convenience and protection with authentic Ford Accessories.** Every accessory is designed to fit seamlessly and further enhance your vehicle’s appearance and/or capabilities. Some Ford Accessories are do-it-yourself, such as positioning floor liners within the interior. Other accessories – including spoilers and winglets – require painting and mounting, so installation is best left to the trained, skilled pros at your dealership.

You can build the cost of many Ford Accessories into your monthly payment agreement. But remember: Every qualifying accessory must be ordered and purchased at the time your vehicle is bought or leased. Additionally, you can benefit from warranty coverage offered on all Ford Original Accessories and many Ford Licensed Accessories. Please turn to page 235 for specifics. And be sure to stop by your Ford Dealer for a comprehensive copy of each limited warranty.

LIMITED WARRANTY INFORMATION FOR FORD ORIGINAL ACCESSORIES, ALONG WITH FORD LICENSED ACCESSORIES.

Ford Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

**FORD PROTECT EXTENDED SERVICE PLANS.** Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

**FORD CREDIT.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at [fordcredit.com](http://fordcredit.com).

**USING DIFFERENT-SIZED WHEELS OR TIRES.** Adding wheels or tires that are a different size than your original equipment wheels and tires may affect the performance and/or electronic systems of your vehicle – including its braking, ride and handling characteristics, stability,

resistance to rollover, fuel economy and tire traction (on wet, dry, snowy or icy roads). Changes in vehicle performance are not covered by the New Vehicle Limited Warranty. It is strongly recommended that your replacement tires be the same as your vehicle's original equipment tires to ensure proper levels of performance and safety during normal use. Ford vehicles were developed and matched with specific wheels and tires. If you choose different replacement tires, make sure they are comparable in size, load range, speed rating and construction type (radial- and bias-belted tires) as your vehicle's original equipment tires. Larger-sized wheels or tires may require a new spare tire and additional components. Also, tire chains cannot be used due to lack of clearance to the wheelhouse. Trucks equipped with accessory wheels may not be compatible for use with snowplow equipment. For approved wheels and other important information, see your dealer for details. **WARNING:** Acceptable levels of performance and safety may not be provided if you use tires not recommended for your wheels.

**SYNC®:** Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply.

# FOR POWER GAINS AND HANDLING FINESSE

Ford Performance engineers are gearheads and racers, so you can be confident they know what it takes to make a winner. Another advantage is their collaboration with mainstream vehicle engineering through the complete vehicle development process. End result: Ford Performance Parts – everything from nuts and bolts, to crate engines and turnkey race cars – that are racer-formulated and racer-tested. Ford is the only high-volume manufacturer that designs, engineers, develops, sells and supports a wide range of performance parts for both racing and street use.

<sup>1</sup>Premium fuel required. Performance gains were measured with 93-octane fuel (USA). Your results may vary depending on fuel quality, vehicle condition and geographical location.

<sup>2</sup>T-409 stainless exhaust material is titanium stabilized ferritic stainless steel. T-409 stainless is used in applications where appearance is a secondary consideration to mechanical properties and corrosion resistance and where some weldability is required. An example of T-409 stainless usage is catalytic converter assemblies. T-409 stainless has excellent forming characteristics and is rust-through resistant. A surface rust will form in most instances. This rust retards further corrosion. Part specifications are subject to change without notice.

F-150 | EXHAUST

F-150 CAT-BACK EXHAUST SYSTEMS

Ford Performance Parts has partnered with industry-leader Borla® Exhaust to offer the first in a series of custom products for the 2015-2017 F-150. Constructed with ultra-smooth, mandrel-bent 300-series stainless steel tubing, this durable cat-back exhaust system was designed to Ford Performance specs to give your truck an aggressive growl whenever you punch the accelerator. The system bolts directly to the stock catalytic converter to ensure your F-150 is 100% emissions-compliant. And the uniquely tuned, stainless steel muffler not only sounds great, its Chrome or Black Chrome dual tips look great too.

FORD PERFORMANCE PARTS ARE AFTERMARKET PARTS

Ford Motor Company, The American Road, Dearborn, MI 48025, provides a Limited Warranty on select Ford Performance Parts and mountune® Performance Parts as described herein when installed on late model Ford vehicles. This warranty works in conjunction with – and does not void – the Manufacturer's New Vehicle Limited Warranty. It is valid for the original retail purchaser of the vehicle and is transferable to subsequent vehicle owners.

CONSUMER DISCLAIMER NOTICE

**Most Ford Performance parts are not sold with a warranty. Ford Performance parts are sold "as is," "with all faults," "as they stand" and without any express warranty whatsoever, unless otherwise expressly designated herein.**

PERFORMANCE PACKS AND COMPONENT PARTS

Performance Packs and Components are warranted for factory-supplied material or workmanship when correctly and completely installed on a late model Ford vehicle by an authorized Ford or Lincoln Dealer, Shelby American, Inc., mountune LLC or an automotive service technician certified by the Institute for Automotive Service Excellence (ASE) or endorsed by the Red Seal Program (RSE). This Performance Packs and Components Limited Warranty begins upon installation and registration of the part(s) with Ford Performance and remains in effect for the balance of 36 months or 36,000 miles/60,000 kilometers, whichever occurs first, *calculated from the start date of the manufacturer's New Vehicle Limited Warranty.*

**Installation of these select Ford Performance and mountune warranted performance packs and components by an authorized installer will NOT void your New Vehicle Limited Warranty.** Engine, driveline and suspension concerns not caused by the use of Ford Performance or mountune parts remain eligible for warranty coverage according to the terms of the New Vehicle Limited Warranty.

**Ford Performance and mountune parts are aftermarket parts.** The use of Ford Performance and mountune parts may impact the performance characteristics of other systems of the vehicle. Even when operating properly, Ford Performance and mountune parts, such as these, have the potential to adversely impact other systems of the vehicle. If an adverse impact is caused by a warranted Ford Performance or mountune performance pack or component, the period and coverage of this Ford Performance Limited Warranty applies to the repairs.

2015-17 FORD PERFORMANCE SUPERCHARGERS FOR MUSTANG.

Select superchargers are warranted for factory-supplied material or workmanship when correctly and completely installed by an authorized Ford or Lincoln Dealer, Shelby American, Inc. or an automotive service technician certified by the Institute for Automotive Service Excellence (ASE) or endorsed by the Red Seal Program (RSE).

**Installation of these select Ford Performance warranted superchargers by an authorized installer will NOT void your New Vehicle Limited Warranty.** Engine, driveline and suspension concerns not caused by an installed Ford Performance supercharger remain eligible for warranty coverage according to the terms of the New Vehicle Limited Warranty.

**Ford Performance superchargers are aftermarket parts.** The use of Ford Performance superchargers may impact the performance characteristics of other systems of the vehicle. Even when operating properly, Ford Performance superchargers, such as these, have the potential to adversely impact other systems of the vehicle. Engine, driveline and suspension concerns caused by an installed Ford Performance supercharger are not eligible for warranty coverage according to the terms of the New Vehicle Limited Warranty or this Ford Performance Supercharger Limited Warranty.

**Supercharger Application:** Superchargers are covered by this Limited Warranty only when installed by an authorized installer on a 5.0L engine in the vehicle for which they were designed, i.e., the Mustang GT MY 2015-2017 and the Shelby® GT MY 2015-2017.

**Ford Performance Parts Limited Warranty supercharger coverage:** Part Number: **M-6066-M8627** is warranted for factory-supplied material or workmanship for 36 months or 36,000 miles/60,000 kilometers from the vehicle's original in-service date as determined by Ford OASIS (Online Service Information System). Contact **(800) 597-6874** for warranty concerns or warranty claim prior approval.

# IT HAPPENS

## BE PREPARED FOR THE WORST

**All-new floor liners\* are designed to protect high and wide.**

Extra-tall walls surround what's tracked in, or whatever's spilled within. Created to original Ford specs – and branded with the official vehicle logo – these nib-backed liners fit exactly and securely. They also remove handily for a quick cleanup thanks to firm-yet-flexible construction. At work or play, never let your guard down.

**The only liners engineered/tested/warranted by Ford.**

Ford Original Accessories (FOA) are warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. See your dealer for warranty details.

\*NOTE: Floor liners are meant to replace carpeted or all-weather floor mats. Do not place a liner on top of an existing floor mat or any other supplemental covering. Ford Motor Company strongly recommends installing only these Ford Original Accessories floor liners in your Ford vehicle.
