

Lincoln Custom Accessories

Splash Guards

Stylish All Weather Protection

Our splash guards are styled with both form and function in mind. Help protect your vehicle with the splash guards developed specifically for your vehicle.

Style and Protection - All in one

- Lincoln Custom Accessories Splash Guards provide added style while helping to protect your vehicle from stone chips and other debris you commonly encounter on your travels.
- Available for nearly every late model Lincoln, our Splash Guards were styled and designed specifically for your vehicle using the original design data...no reverse engineering.
- Constructed of heavy-duty, all-weather materials that stand up well against temperature extremes, exposure to UV Rays and things like salt, slush, mud, tar and other road debris.
- Easy to install, each kit contains the necessary hardware and installation instructions to get the job done quickly. In most cases, there is no drilling of the vehicle required to complete an install. Existing fasteners are used whenever possible, and corrosion-resistant fasteners are included when necessary.
