

Ford Gives You the Freedom of Choice!

Transit Van Floor Coverings

The Transit Van does not include floor coverings in the cargo area, but Ford offers the choice of a spray-in liner, a carpeted mat, or a heavy duty vinyl mat. The Spray-In Liner offers cargo floor protection when carpeted or vinyl floor coverings are not desired. The Carpeted Cargo Floor Mat adds an upscale look and feel plus some additional sound abatement. The Heavy Duty Vinyl Floor Mat is available for typical work truck applications.
