

Ford Bedliners & Wheel Well Liners

Always Protecting. Always Durable. Always Genuine Ford.

2021MY Model Change Overview

- Drop-In Bedliners and Tailgates will be separate order items.
- New Part Numbers for Drop-In Bedliners and Tailgates.
- New Part Number for Wheel Well Liner.

PRO POWER ONBOARD

TAILGATE WORK SURFACE

Definitions:

- 2021MY F-150 = P702 (New Truck)
- 2015-2020MY F-150 = P552

Bedliners:

- The addition of Pro Power Onboard (“PPO”) and Tailgate Work Surface (“TWS”) options necessitate changes to product and ordering.
 - Pro Power Onboard take rate estimate - ~70%
 - Pro Power Onboard on 5.5’ and 6.5’ only.
- Bedliners and Tailgates will now be ordered separately and have specific hardware kits.
- Bedliners and Tailgates will have new part numbers.

Wheel Well Liners:

- Due to shape and fastening changes, a new rear wheel well liner (“WWL”) is required.

Questions:

1. Will current WWL ‘s work on P702 (2021MY F-150)? **No.** Sheet metal shape and width have changed.
2. Will current Tailgates work on P702 (2021MY F-150)? **No.** Fastening holes are the same between model year, but design is different and would result in liner to sheet metal differences.
3. Will current Bedliners work on P702 (2021MY F-150)?
 - 8.0’ - **No.** While the bedliner is similar to the P552, the tailgate and hardware has changed.
 - 5.5’ & 6.5’ -
 - with PPO - **No.** The ambient light switch has moved and an opening created for PPO. A cover bezel and smaller 30mm light switch plug will be included in the hardware kit.
 - without PPO - **No.** While the bedliner is similar to the P552, the tailgate and hardware has changed.
4. Are there different Bedliners for PPO and non-PPO trucks, or just different kits? **There are different bedliners for PPO and non-PPO trucks.** This requirement was necessitated by the move of the ambient light switch for PPO.

Upcoming P702 Part Numbers:
